

AIR CONDITIONING SERVICES

FOR ADELAIDE HOMES & BUSINESSES

- 🔌 HEAT AND COOL YOUR HOME & BUSINESS
- 🔌 PROTECT YOUR BUSINESS
- 🔌 STAY COMPLIANT WITH REGULATION

PolosPower
 Electrical & Air Conditioning Contractors

POLO'S POWER NOW OFFER AIR CONDITIONING!

HEATING & COOLING SOLUTIONS FOR YOUR HOME AND BUSINESS

Our electricians are now fully trained, licensed and insured to install air conditioners!

Whether you need a split system to heat and cool your space or a ducted reverse cycle system we can design, supply and install according to strict safety standard.

We also offer a 24/7 emergency electrical service for your peace of mind.

🔌 Consult, Supply & Install Split Systems

Our team are able to provide an inverter split system (or multiple) that are cost effective and the right size for your space. We provide a 'Certificate of Electrical Safety' for all electrical work and 'Certificate of Testing and Compliance' for electrical installation work.

🔌 Consult, Supply & Install Ducted R/C Systems

We're able to provide a suitable, cost effective system based on your space. Our technicians follow strict safety principles outlined in the Australian Electrical Standards and the Workplace Health and Safety Standards. We also provide a 'Certificate of Electrical Safety' for all electrical work and 'Certificate of Testing and Compliance' for electrical installation work.
